

Adonis

Adonis is a multi-faceted Canadian performer whose electrifyingly velvet vocals and high-energy shows call any dance floor to action. Having started his musical journey in Toronto 4 years ago, Adonis has opened for a number of Canadian acts including Shawn Hook, The Cliks, Maestro Fresh-Wes, as well as Karl Wolf this coming summer.

Spending the past year in the studio perfecting his craft, Adonis is ready to light up the local music scene with his unique and refined electronic-pop sound. His just-released single *Over Again* from up-coming EP *Rays* is a tribute to his growing talent as lyricist, songwriter and producer.
