

## **Zuze Bio**

Zuze is a folk-jazz ensemble from Toronto, dedicated to revivifying the folk and cabaret melodies of Iran. Motivated by the 1st Generation experience, Zuze melds disparate worlds of melody and harmony to powerful rhythms of both Eastern and Western persuasion. Zuze believes that art happens in the margins, and therefore doesn't stress genres, labels, expectations, or assertions. Comprised of active session players from all corners of the city, Zuze is a project of diversity - not by mandate but through a genuine reflection of the professional climate of musical integrity in this city and beyond.
